- *Actively advocates for a just and inclusive society, speaking out against all forms of racism, discrimination, harassment, hatred, and violence; Supports movements and initiatives that address discrimination; Enforces policies that ensure equal opportunities and equal pay for equal work across genders, races, and abilities; Upholds the rights of transgender and gender non-conforming individuals for acknowledgment of their stated name, gender, and pronoun; Supports the use of gender-neutral language to foster an inclusive environment; Promotes the participation of women, LGBTQIA+, people with disabilities, and people of color in elected office and ensures access to facilities consistent with individuals' gender identity and disability access; Supports the right to free speech, ensuring it does not extend to discriminatory practices against any group based on race, religion, gender identity, or sexual orientation.*

Please expand on your stance and describe the potential impacts on the community that you seek to represent. *

This is a tough one, especially as a child that was displaced from my family as a little girl. However we are not God, yes children are innocent but we do not know what damage can be caused to that child by a parent that has no connection with that child, or the trauma that that child may face as being a reminder of a rape. Then we also have to look at the mother that is carrying a child of that rapist rather it was from someone she knew, or a homeless man living under the bridge who has not been seen by a doctor in man years. My stance is to never judge but to be there for that woman who needs a shoulder, a word of encouragement, advice, and hope.

DPCCC Value: Economic Justice & Business Development

- *Support for Small Businesses and Entrepreneurship focusing on women, people of color, and those with limited entrepreneurship opportunities including veterans; Support the rights of employees to organize and Project Labor Agreements; Ensures a safe working environment free from harassment, intimidation, and retaliation; Advocates for the establishment of local banks and credit unions, limiting regressive financial operations like check cashing businesses and pawnshops; Promotes Project Labor Agreements to protect workers; Supports initiatives to counteract "food deserts" by developing local grocery stores and community gardens in underrepresented areas.*

Please expand on your stance and describe the potential impacts on the community that you seek to represent. *

A small business has so much potienal, so supporting them will be ideal not just for the business owner, but to the community. Supporpting them and making sure they have the tools to be sucessfully makes the community more succesful. So Yes, I am all for supporting small businesses.
