

I am running for Contra Costa Community College District Board of Trustees representing Ward 2 — serving the communities of Orinda, Moraga, Lafayette, Walnut Creek, Alamo, Rodeo, Briones and Crockett, and parts of Clayton, Hercules, Pinole and Pleasant Hill.

As a disability rights lawyer, a policy advocate and a mom, I have an unwavering commitment to social justice and advocating for the issues that matter most. In these challenging times, we need leaders who care deeply about our public schools—leaders who seek to eliminate educational barriers and who have the experience to make change for the better.

I've earned the strong support of the United Faculty Association of 4CD, Former State Superintendent Tom Torlakson, Assemblymember Rebecca Bauer-Kahan, California State Treasurer Fiona Ma, and the **entire** Contra Costa Community College Board of Trustees.

My parents, both teachers, instilled in me a strong sense of public service. I'm proud of the work I've done in our community serving on the County's Measure X Community Advisory Board and as a legislative advocate with Moms Demand Action, forging strong relationships with lawmakers to stop gun violence.

I'm also proud of the two children I have raised in Orinda, who inspire me to fight for our next generation. Contra Costa's community colleges are gateways to opportunity and serve as an educational home for all. They are essential to our community—providing workforce training, dual enrollment education for high schoolers, and 4-year transfer opportunities for all students.

Please support me in fighting for our colleges and our students' success.
