

Shelley Clark, Incumbent Board Member, SRVUSD Area 2 - Candidate Statement

Having lived in Danville for 35+ years and raised two children here, it is my honor to run for re-election. Over the past four years, I have served thousands of students, with a focus on equity, quality, and safety, including adding a new student board position; expanding college and career pathways to include the construction and welding trades; implementing a data dashboard for SRVUSD program effectiveness; successfully negotiating the Superintendent and Assistant Superintendents' contracts, saving the district thousands of dollars; improving school facilities via a master plan for safe and modern learning environments; building community engagement through regular Trustee Office Hours; and much more.

It has been a deeply rewarding term, engaging with countless teachers and students - listening via student senate meetings, club events, site visits, and committees. Looking forward, I'm focused on driving continued academic excellence; prioritizing student mental health and well-being; expanding technology access; continuing to build and strengthen relationships with parents, teachers, and local organizations; as well as ensuring accountability and fiscal responsibility of the district's resources. Read my vision, qualifications and achievements, and current endorsements on my website www.shelleyforsrvusd.org.

Let's continue to make SRVUSD an award-winning district where every student receives an exceptional education!
